Parts and assembling units

Storage of the main stock of Equipment and Parts is carried out in a warehouse in Odintsovo.

Original Parts

Spare parts for Nissan Forklift, Unicarriers, Doosan, Nichiyu, TCM, Heli, Lonking. They are delivered in the original packaging with the manufacturer's hologram.

High-quality analogues of Parts

When selecting Parts, "Sklad.ru" engineers use double control, precisely selecting the Part according to the technical parameters.

Wide assortment

More than 25,000 items of frequently used consumables: brake pads, rims, lights, filters, forks, etc.

Attachments and additional equipment

Clamps, Sideshifters, Superelastic tires, Batteries and other components from world known manufacturers.

Internet shop

<http://shop.sklad.ru>

Wide possibilities for search, selection and reservation of Parts. Additional 5% discount for self-checkout.

Quick order picking

All Parts and Assembling units have an individual number and address storage in a Warehouse, which allows the operator to quickly collect customer orders.

Accurate selection of goods

When storing and selecting Parts, barcode coding is used, which significantly reduces the possibility of re-sorting.
